About us

Farmofert is a well established agro nutrient input provider company located in Al jurf Industrial zone 1, Ajman, UAE

We are specialized in wide range of water soluble fertilizers, Trace elements and Liquid fertilizers for the all areas of plant production and care. Farmofert does not just supply only products, but strongly believes in developing the markets and understanding needs of the markets.

Our aim is help famers to maximize yields and at the same time by reduce their operational costs with Farmofert complex nutrients including wide range of WSF, Trace elements, Liquid fertilizers being sourced from its own facilities and partners from world wide.

VISION

Farmofert mainly focused to provide farmers with cost effective high quality complex fertilizers to maximize crop yield by minimizing excess usage of traditional fertilizers for sustainable agriculture in the region

Why Choose Our Services

- 24 / 7 availability
- Wide range of fertilizer
- Certified and experienced team
- Cost effective
- Prompt delivery
- Ensure high quality product

SOLU COMPLEX

Water Soluble Fertilizer Grades

Farmofert supplies numerous NPK products which can be fully customized as per user needs. Farmofert ensures the raw materials we use are very low in chlorides/ sulphates/ sodium content and without detrimental elements.

Solu Complex – WSF Grades

- Solu Complex are produced with raw materials of highest purity.
- Specific grades contain chelated trace elements in EDTA form which ensures quick crop absorption.
- The high purity raw materials used, contains very low chlorine (Cl-) and Sodium (Na+) and are free from heavy metals.
- It is an optimal fertilizer for intensive agriculture which can be used also in saline soils.
- All Products are MOCCAЕ tested and registered
- Country of Origin: Made In UAE

SOLU COMPLEX

Solu Complex – Florafruit Plus

Benefits :

- Flora Fruit Plus is a complete concentrated Water soluble chemical fertilizer rich with plant nutrients, it is free from chlorine, sodium and heavy metals.
- This Formulation is very efficient and easily to use in all irrigation systems specially Drip irrigation.
- 100 % water soluble fertilizer , free flowing fine and dry powder
- Suitable for all crops

Available Packages: 250 gm, 1 Kg and 25 kg

Composition (w/w)	Percentage
Nitrogen as (N)	12 %
Phosphorus as (P2O5)	12 %
Potassium as (K2O)	36 %

Application Rate :

Vegetables& Flowers	
Open field	: 0.85gm-1.4gm/plant/day
Green House protected	: 1.5kg
3kg/500m/application	
Foliar	: 2.5gm/L - grown plants
	: 1.5gm/L - seedlings
Fruit Trees	: 2-3kg/ha/application

* Rate of application depends upon soil condition and available nutrients in the soil.

SOLU COMPLEX

Solu Complex – Green Plus

Benefits :

- Green Plus is a complete concentrated Water soluble chemical fertilizer rich with plant nutrients, it is free from chlorine, sodium and heavy metals.
- Contain Extra nitrogen and magnesium enhances the leaf chlorophyll metabolism.
- This Formulation is very efficient and easily to use in all irrigation systems specially Drip irrigation.
- Due to acidic reaction, suit with high PH Alkaline soil conditions.
- 100 % water soluble fertilizer , free flowing
- Suitable for all crops

Available Packages: 250 gm, 1 Kg and 25 kg

Composition (w/w)	Percentage
Nitrogen as (N)	28 %
Phosphorus as (P2O5)	14 %
Potassium as (K2O)	14 %

Application Rate :

Vegetables & Flowers	
Open field	: 0.65gm-1.2gm/plant/day
Green House protected	: 1.5kg- 5kg/500m/application
Foliar	: 2.0 gm/L - grown plants
	: 1.0 gm/L - seedlings
Fruit Trees	: 2-3kg/ha/application

* Rate of application depends upon soil condition and available nutrients in the soil.

SOLU COMPLEX

Solu Complex – Yield Plus

Benefits :

- Yield Plus is a complete concentrated Water soluble chemical fertilizer rich with plant nutrients, it is free from chlorine, sodium and heavy metals.
- This Formulation is very efficient and easily to use in all irrigation systems specially Drip irrigation.
- Due to acidic reaction, suit with high PH Alkaline soil conditions.
- 100 % water soluble fertilizer , free flowing
- Suitable for all crops

Available Packages: 250 gm, 1 Kg and 25 kg

Composition (w/w)	Percentage
Nitrogen as (N)	20 %
Phosphorus as (P2O5)	20 %
Potassium as (K2O)	20 %

Application Rate :

Vegetables & Flowers	
Open field	: 0.85gm-1.4gm/plant/day
Green House protected	: 1.5kg- 5kg/500m/application
Foliar	: 2.5 gm/L - grown plants
	: 1.5 gm/L - seedlings
Fruit Trees	: 2-3kg/ha/application

* Rate of application depends upon soil condition and available nutrients in the soil.

GRAN COMPLEX

Granular Fertilizer Grades

Farmofert supplies granular fertilizer grades made from high quality raw materials for enhanced crop productivity.

GRAN COMPLEX – Granular Fertilizer Grades

- Each Granule contains the specified nutrients and readily available for crop uptake
- The high purity raw materials used, contains very low chlorine (Cl-) and Sodium (Na+) and are free from heavy metals.
- Uniform granules for ease of application
- All Products are MOCCAЕ tested and registered
- Country of Origin: Made In UAE

GRAN COMPLEX

GRAN Complex – Palm Nutri +

Benefits :

- Palm Nutri + is granular fertilizer formulated with NPK and rich organic matter particularly required for palm trees with full range of trace elements specified for Palm trees complete requirements. Enhancing performance with higher quality and quantity.

Application Rate :

Small Palms : (Till 10 Years) : 1 kg / tree /year
(3-4 application during the season).

Large Palms : (More than 10 years) : 2-4 kg / Tree/ year
(3-4 application during the season).

Spread the fertilizer around palm base circle with dia 1.5-2 m and mix thoroughly with soil.

* Rate of application depends upon soil condition and available nutrients in the soil.

Composition (w/w)	Percentage
Nitrogen as (N)	12 %
Phosphorus as (P2O5)	6 %
Potassium as (K2O)	24 %
Humic Acid	6 %
Magnesium as (MgO)	2 %
Organic Matter	34 %

Available Packages: 250gm, 1 Kg , 25 kg

GRAN COMPLEX

GRAN Complex – Single Super Phosphate

Benefits :

Gran Complex – Single Super Phosphate is high quality Phosphoric uniform granular fertilizer, one of most common phosphorus fertilizer applied in pre-planting stage for all types of plants.

It ensures equal distribution for nutrients in the field for all plants. Formula is designed to suite all kind of plants with different soil nature and its free from chlorine and heavy metals to give full advantage of phosphate effect to the plants.

Composition (w/w)	Percentage
Nitrogen as (N)	0 %
Phosphorus as (P2O5)	20 %
Potassium as (K2O)	0 %

Application Rate :

Vegetables : 100 -125 gm/ m2

Landscape : 100 -150 gm/ m2

* Rate of application depends upon soil condition and available nutrients in the soil.

Available Packages: 250 gm, 1 kg, 50 kg

LIQUI COMPLEX

Liqui Complex – NitroShine

Benefits :

Farmofert Liqui Complex NitroShine is a homogenous liquid nitrogen fertilizer specially designed for grass, lawns, indoor and outdoor plants.

Liqui complex NitroShine aids in formation of chlorophyll and play vital role in photosynthesis activities where plants get their green coloring & shining. It encourages vigorous growth of plants in saline condition also.

It can be applied by drenching or through foliar spray also.

Composition (w/w)	Percentage
Nitrogen as (N)	14 %

Application Rate :

For Lawn & Grass	Grass height < 1.5" 150 ml per 1000 sq. ft in 1-2 gallon of water (Every 2 weeks)
	Grass height >1.5" 260 ml per 1000 sq.ft in 1-2 gallon of water (Every 2-3 weeks)

Nurseries Plant (Indoor & Outdoor Plants)

For Foliar	30 ml in 1 L water- Once in week
For Soil	20 ml in 1 L water – Once in Week

* Rate of application depends upon soil condition and available nutrients in the soil.

Available Packages: 500 ml, 1 L, 1000 L

FARMERS POTTING MIX

FARMERS POTTING MIX

Benefits :

Farmers potting mix is high quality best planting media for all Indoor and Outdoor plants, seedling trays, hanging baskets etc.

Provides Proper aeration and draining system

Enhance retention of water
Plants can be planted or transplanted directly in the potting mix

Free from detrimental elements

Technical Analysis	Percentage
pH	4.7
E.C.	0.87 mmhos/cm
Organic Matter	96.97 %
Moisture	56.09 %
NaCl	0.07 %
Na	0.03 %

Available Packages: 20 L & 50 L

TAILOR MADE

Tailor Made

At Farmofert we focus on few things: Production, Research & Development, Design and Innovation. They are part of our core values and competences and will remain of the highest priority in the future.

All our products are designed and manufactured by our own staff and in our in house production unit.

This Concept works as follows:

- ❖ Tell us formula you want, or choose one of our Farmofert base Products
- ❖ To your wishes, we can customize the formula to make your perfect product
- ❖ Choose the order finished product for retail, or bulk or repacking
- ❖ Provide us your label, packaging and artwork
- ❖ Finished
